

Dr. G. Rivera Maria

My dear Sir - Please pardon the delay
in answering your letter. I trust
that it has not caused irreparable
damage to your research.

The enclosed Xerox pages contain
a quote from Mr. Niven. I have been
unable to locate the original
correspondence. The location of
the Niven collection is not mentioned.
Perhaps it has been stored in

in one of the archaeological
collections in Mexico City.

If you believe that I can be of
any further assistance to you,
please do not hesitate to write.

With all best wishes for
your success
