Dear sirs:

For archaeological reasons, due to the fact that Mr. James Churchward, author of the Mu Series, whose editions you have been printing, refers to our Mexican Ancient Culture in one of his books, particularly to some Towns surrounding to Mexico City, and whose data coincide with the real data we have on this matter, we are very interested in get in contact with him. Besides, we presume that he has inherited the memories of Mr. William Niven (1850-1937) who discovered some prehistoric remains in the Valley of Mexico in 1911 and in Guanajuato, Mex. in 1891.

We also think that it is possible that Mr. Churchward knows about the pre-hispanic collection Mr. Niven found and where it is.

We would like to stress that this kind of information is very important for us, so any pertinent data you can furnish to us with, will be very high appreciated.

Looking forward to hear from you in due course, we remain,

Very truly yours,
